Elden Ring Features Key:

Progressive World Explore the Lands Between freely by killing monsters and collecting their bones—this is how you achieve new quests. You can find a variety of useful items such as treasure goods and potions from the slain monsters. You can also buy and sell items in cities or other places that are attached to dungeons in the world. Through engaging quests you can continuously increase your skills and weaponry.
Multiple Characters Increase your tactics by assigning your characters different roles. You can freely combine weapons, armor, and magic that you own in order to fine-tune your characters. And you can also freely change your characters with limited charges, eventually allowing each character to stand alone. You can also assign skills by role, and you can even customize each character by hair style or body type.
Battle System Fight with traps, skills, and magic to survive the continuous battles. When you attack monsters, you can determine the range of damage you deal. Your attacks consume shield skill and magic power, and they inflict various status changes on the enemy. In addition, experience points are rewarded for every successful attack.
City System Use items and experience points to increase your weapons and armor, purchase items, and learn new skills. A variety of items and skills are also available in the cities, and you can build up your city.
Search for Treasure In some dungeon locations, there are rare items called treasure goods that you can find. These are great for increasing the attack damage and defense of your equipment, as well as for memorizing your equipment.
Take on a Dungeon Take on at least one of the powerful dungeons scattered across the Lands

Between. Dungeons are always the same, but the monsters and items change depending on the unique dungeon design. Defeating one dungeon rewards you with a piece of the treasure goods from the dungeon.

A Dungeon Storyline The Dungeon Storyline is a series of short quests that occur depending on which dungeon you have taken on. When it turns out there is something you can do to help, a dialogue box will pop up in the world.
