on your Favorite Games!
"Ladies and Gentlemen,

good evening and welcome to SCRATCH my KID, the new card game for everyone. Welcome to SCRATCH my KID, a card game where players scratch the edges of their cards to earn gold and sweet prizes! You control the player in your game, his character and his movement through the

game. He can scratch gold coins (the higher the better) on his cards to collect it. He also can gain gold by scratching other players cards or cards of his own. The gold will be counted in your account, in real money, when the game is over. The closer the edges are scratched, the more gold you get.

SCRATCH my KID is a 2 player game, and since there are 4 pictures, one for each player, you can play with your friends and team up together as well.

You scratch with your mouse, and you can scratch one or many cards at the same time. You can control the speed you move, but it is better to

move slowly to be able to scratch as many 6d1f23a050
