Charlie and the Chocolate Factory was shot in South Africa. The film was later dubbed into Telugu as Charlie and the Chocolate Factory and released in 2005. The film was a classic "the-almost-didn't-make-it-to-the-screen" story of life in early 1900s South Africa. The story opens with Charlie Bucket winning a gold ticket in a radio game show. Charlie is the owner of a candy factory with his friends Augustus Gloop and Veruca Salt. Charlie's friends try to eat every piece of candy on the planet but Charlie chooses to share them with his children. As the story unfolds, it develops an introduction of racism and classism with white people occupying the top of the social ladder and blacks living on the bottom. Other themes include a fun and educational introduction to machinery that is passed on from Charlie's father to his son, and the concept of devising a candy made out of food. Charlie And The Chocolate Factory is a 2005 Indian-American Animated film, and the second Indian film to be animated. It was directed by Tim Johnson and co-produced by Freestyle Studios. The film is based on the novel of the same name written by Roald Dahl. It is a third take on the 1997 live-action film by Will Smith. The film is set in the present day, during the [[Columbine High School massacre]]. Charlie and his friends, Augustus Gloop and Veruca Salt, are running a candy business. They set out to find Willy Wonka after he goes missing. Charlie's parents struggle with the realization that he is not coming home, leaving Charlie alone. Charlie's parents later become the unwitting victims of the Killer Teeth. Charlie And The Chocolate Factory can be downloaded from the sources below.
