Its essential feature - to capture the entire video screen - makes it perfect for videos like desktop Wallpapers. It's available for most video browsers, such as your web browser, Windows Media Player and Real Player. A number of options control screen capture, including the appearance of the screenshot, its size and its frame rate. The program also allows you to take a snapshot of a video frame.This program is the best tool to download apps and games. It's really easy to use. You can download all or part of your favorite

games and apps without limits. Just select your favorite category of apps, and click the Download button. You'll get them in just a few seconds and decide if you want to keep them or install them on your iOS or Android tablet or smartphone. You can remove installed apps from your device as well.
