who ever produced beyonces monster smash irreplaceable is under fire. we all know shes just opening the door to her old producer her husband jay z. he produced all six of her previous studio albums, including her debut dangerously in love, in which she wrote the first and last couplet of crazy in love, a song he co-wrote on of his own solo projects. its one thing to blame one producer, but theres just no way around this. just like rihanna in her early work, shakira may have started out with a funky dance beat. but this time shes decided to really show off her vocal talents. there is no mistaking that shakira can belt out a tune. on the rest of the album, shakira pushes her vocals to the forefront and lets the music do the talking. while many of her previous albums have had a natural sexy quality, shakira has always had an under-stated sensual quality as a performer. this album is bold and brash, showing a whole new side of the former regional mexican world winner. she shows off all the other sides of her personality, which is quite refreshing. maybe theres something going on with shakira and robin thicke. theyve done a duet together, love after war, and were married to the same man. nonetheless, theyre singing about relationships falling apart. this may also be the first release after robin thicke was arrested for an alleged sexual assault. theres no mention of that event on the album, and there doesnt seem to be any indication shakira is being completely faithful herself. whatever happened, shakira has made the right move, in music and for her career.

the fine print: the top r&b/hip-hop songs chart uses data from the top r&b/hip-hop songs published weekly by billboard. the data represent how many times a song or an album is played on a radio station or downloaded digitally. the sources of data may change over time. the nielsen soundscan retail tracking system, which allows copies of cd singles to be tracked, is used to compile these charts. thus, nielsen soundscan is the primary source of information for the most played song and album charts in the country. diddy is slated to star in a revival of a raisin in the sun at the bridge theatre in manhattan. the tour will commence in april. he had no comment, but its only a matter of time before we hear from him. sean combs-tomorrow never knows-related original songs, songs about rap, songs about going on tour, songs about his own life, etc. he'll get stuck on despacito the month that follows the album. history is being made with this one. deetox, t.a.t.u., and 1sec has been the new girl trio in russia and eastern europe, but the 1 second is wearing the crown. its not that theyre commercial and thats not the key to stardom, but 1 seconds first video, lean on me, is just too cool. no doubt 1 second will be the cream of the crop in the comeback category of 2011. her producer came up with the concept, named her, and sent her the beats. song sample: god is love. beyonce ewan mcgregor and timothy dalton are in negotiations to star in the next james bond film to be directed by sam mendes. no details are being released yet, but its expected the next installment will retain the james bond spirit which mendes helped to define. 5ec8ef588b
