With Danny DeVito, Billy Crystal, Kim Greist, Anne Ramsey . A bitter ex-husband wants his ex-wife to die. Offended sissy wants his mother to die. For me, this film is, first of all, a story about how not to offend your mother. They all had a difficult relationship with their mother, however, for each of them she was something special, the main thing in life, the most necessary. As children, they saw how their mother supported them, how she helped them, instilled confidence in them. They all grew up, and now, when life has turned out differently, my mother was left alone. From this, each of them felt even worse in their souls. Each of them thinks their mom is the best.
