Catching up on all the good music Jazz vocalist and pianist Olivia Chaney has a new CD out. It's called "The Way She Looks at the Moon" (OK Jazz) and has her usual stellar voice singing contemporary jazz arrangements by BOBBY KHALID. Chaney's last album for OK Jazz, "You Left Me, You Left Me" (April 2005), also included the singing of Bobby's tunes. PHOTO COURTESY OK Jazz, www.okjazz.com Chaney's way of looking at the moon PHOTO COURTESY OK Jazz, www.okjazz.com The album opener, "The Way She Looks at the Moon," gets the show off to a great start. Chaney's high and sensuous voice is supported by Khaled's lyrical but complex piano parts and a broad group of talented musicians. Drummer Guy Hoffman and bassist Victor Lewis bring a certain energy to the show, and the trumpet and soprano saxes of Joshua Redman and Chaney alternate on the track. With Khaled's arrangements, Chaney's voice can range anywhere from a sultry low-register to a high falsetto, and the end result is something that sounds distinctly hers. A visit to her website For more about Chaney, click to her website, You'll find many photos of Chaney, with her dazzling smile, and, for any jazz fans, a good-sized discography. Chaney has worked with many musicians of note over the years, and I've had the pleasure of meeting her when I interviewed a small group of musicians a few years back.To link to the entire object, paste this link in email, IM or documentTo embed the entire object, paste this HTML in websiteTo link to this page, paste this link in email, IM or documentTo embed this page, paste this HTML in website THE STATE OF THE TEXAS INDIANS THE CHARACTER OF THEIR NATIONS
